

Test Results and Interview Guide

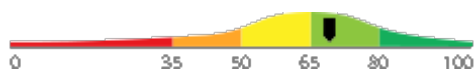

Candidate: **Elizabeth Wantsajob**
Assessment: Behavioral History Survey - Professional Version (Spanish)
Completed: May 8, 2026
Prepared for: Sara Maple
Example Company

What's Included

- Overall Score
- Competency Summary Table
- Comparison Matrix
- Detailed Competency Results with Interview Guide

Important Note: The Behavioral History Survey - Professional Version (Spanish) assessment measures key factors related to high performance and tenure in this job. Attribute types measured vary by test, but can include cognitive ability, skills, knowledge, personality characteristics, emotional intelligence, and past behavioral history. This report includes a one page summary, followed by detailed results with an embedded interview guide. Note that these results should always be used as a part of a balanced candidate selection process that includes independent evaluation steps, such as interviews and reference checks.

Overall

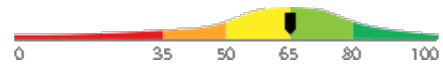

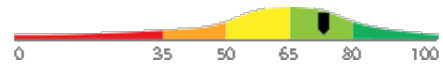

Candidate	Score	Interpretation
Elizabeth Wantsajob beth.wantsajob@gmail.com Behavioral History Survey - Professional Version (Spanish) May 8, 2026	69	

The candidate's scores indicate moderate to high performance potential in most jobs. We recommend that this score be used in conjunction with a comprehensive process for evaluating potential performance, including the specific knowledge, skills, and abilities required for a particular job.

Key

- Candidate Score
- Higher Risk
- Lower Risk

Competency Summary

Competency	Score	Interpretation
Behavioral History (relates to performance and turnover)		
History Survey - Performance	65	
History Survey - Tenure	73	

Comparison

Percentile scores indicate how the candidate compares to other test-takers within various groups. The candidate scored equal to or better than the fraction of test-takers indicated by the percentile.

 Completed: May 8, 2026, 7:34:37 AM EDT
 Overall Score: 69

Behavioral History Detail

This section evaluates answers the candidate gave concerning his or her work-related history. Studies often show that a candidate's past behavior often indicates his or her future behavior. Potential caution areas (if any) are specified in each detail section.

Detail
Interview Guide

History Survey - Performance

Score: 65

Description:

Evaluates elements of the candidate's past work and education history to identify indications of high or low performance potential.

Interpretation:

The candidate's score indicates past behaviors that contribute to above average job performance.

Exhibits past behaviors and achievements that are likely to result in above average job performance.

The following potential performance risk areas were identified:

Further probing is recommended for each of these items.

Describe how your past performance makes you a good candidate for this job.

- 
 1
 No examples or rationale given.
- 
 2
 Weak connection between past and future.
- 
 3
 Weak connection between past and future.
- 
 4
 Clear connection between past and future.
- 
 5
 Clear connection between past and future.

History Survey - Tenure

Score: 73

Description:

Evaluates a candidate's past employment history and related factors for indications of potentially low job tenure.

Interpretation:

The candidate's score indicates past behaviors that contribute to above average job performance.

Exhibits behaviors likely to result in slightly longer than average job tenure.

The following potential performance risk areas were identified:

Further probing is recommended for each of these items.

What are some of the reasons you have left previous jobs?

- 
 1
 Many different reasons. Blames employer.
- 
 2
 Circumstances for leaving generally credible or somewhat outside control.
- 
 3
 Circumstances for leaving generally credible or somewhat outside control.
- 
 4
 Reasonable rationale or circumstances clearly outside control.
- 
 5
 Reasonable rationale or circumstances clearly outside control.

Identity Confirmation Photos

The following photos of the candidate and any identification were uploaded during the assessment session.

Photo Analysis Results

- Risk:	Medium risk of cheating based on image inconsistencies
- Percent match among processed faces	100%
- Total images processed	17
- Total images with valid faces	14 (82%)
- Total pairs of faces compared	13
- Pairs in which faces matched	13 (100%)

Other Qualifications

- Microsoft Office Specialist (MOS) Certification
- Certified Administrative Professional (CAP)
- International Association of Administrative Professionals (IAAP) Certification

Report Preparation Notes

- Hiring decisions should never be based on a single source of information. The most effective use of this assessment report is as a part of a multi-faceted program of candidate evaluation that includes resume review, interviews, and reference checks.
- Overall vs Percentiles Scores: The overall score reflects the success in the test, based on the mean (average) and standard deviation of the test scores. The percentile score reflects the percentage of test-takers who scored equal or below this overall score. We recommend you use the Overall Score as your primary evaluation criteria. However, percentile scores can often be useful in comparing specific candidates against one another and with a group, such as for test takers in a certain organization or within a certain account.
- Note that comparison information is calculated based on completed instances of this assessment at that time the assessment is scored. As additional instances are completed, the comparative data may change. You can always update a report to the current values by clicking on 'Recalculate Percentiles' within the online results viewing pages at www.hravatar.com.
- Most competency scores are norm-based, which means that they can be interpreted in terms of their distance from the average or mean score. For all scales, a score equal to the mean receives a score of 65 and scores above and below this value are set so that a score change of 15 equals one standard deviation.
- For linear competencies, higher is better across the entire scale. For these scales a score between 65 and 80 (light green) represents 0 to 1 standard deviation above the mean and a score above 80 (dark green) represents more than one standard deviation above the mean. Similarly, a score of 50 - 65 (yellow) represents 0 to 1 standard deviation below the mean, while a score of 35 - 50 (orange) equates to 1 to 2 standard deviations below the mean, and a score below 35 represents more than 2 standard deviations below the mean.
